

Color Copy – true-to-life
colour reproduction.

Color Copy

Color Copy is the #1 colour laser brand* on the European market, with a guarantee of true-to-life, brilliant colour copies and perfect print results every time. The entire Color Copy range has been specifically developed for digital colour laser printers and copiers. The colour laser print market is growing, with demand for digitally printed photo books, magazines, catalogues, labels, security and packaging as the applications on the rise.

So why do customers choose Color Copy? Here's seven good reasons:

Brand reputation: Color Copy is the #1 colour laser brand on the market, known and trusted.

Superb and consistent print quality: With a specially treated surface which ensures brilliant colour reproduction and the highest colour gamut**.

Trouble-free processing: No curls! No paper jams! No worries with Color Copy.

Cost savings: Its optimal smoothness enables even colour distribution for savings on toner costs, and reduced machine wear-and-tear, saving both time and money when it comes to maintenance and energy costs. Did you know that the share of paper costs in colour laser prints jobs is 15%, but the utilization rate of the printing machine makes up 75%? Need we say more?

One-stop-shop: Color Copy is available in a very wide range of formats (including SRA3 and SRA2) and grammages from 90 to 400 gsm, so you have one paper for a multitude of applications.

Environmental performance: Very strong environmental profile with FSC® and EU Ecolabel certification, a part of Mondi's Green Range of products and completely CO₂ neutral.

Strong references: We challenge you to find someone who won't recommend Color Copy. From OEMs to small print shops, customers who use Color Copy are 100% satisfied both with the print quality and the machine performance.
